FOREWORD

The Government of Kenya is committed to ensuring that policy objectives for Education, Training, and Research meet the aspirations of the Constitution of Kenya 2010, the Kenya Vision 2030, the National Curriculum Policy 2019, the United Nations Sustainable Development Goals (SDGs), and the regional and global conventions to which Kenya is a signatory. Towards achieving the mission of basic education, the Ministry of Education (MoE) has successfully and progressively rolled out the implementation of the Competency Based Curriculum (CBC) at Pre-Primary, Primary and Junior School levels.

The implementation of the Competency Based Curriculum involves monitoring and evaluation to determine its success. After the five-year implementation cycle, a summative evaluation of the primary education cycle was undertaken to establish the achievement of learning outcomes as envisaged in the Basic Education Curriculum Framework. The Government of Kenya constituted a Presidential Working Party on Education Reforms (PWPER) in 2022 to address salient issues affecting the education sector. PWPER made far-reaching recommendations for basic education that necessitated curriculum review. The recommendations of the PWPER, monitoring reports, summative evaluation of the primary education cycle and feedback from curriculum implementers and other stakeholders led to rationalisation and review of the basic education curriculum.

The reviewed Grade 7 curriculum designs build on competencies attained by learners at the end Grade 6. Further, they provide opportunities for learners to continue exploring and nurturing their potential as they prepare to transit to Senior School.

The curriculum designs present the National Goals of Education, essence statements, general and specific expected learning outcomes for the subjects as well as strands and sub-strands. The designs also outline suggested learning experiences, suggested Key Inquiry Questions, core competencies, Pertinent and Contemporary Issues (PCIs), values, and the assessment rubric. It is my hope that all government agencies and other stakeholders in Education will use the designs to plan for effective and efficient implementation of the CBC.

HON. EZEKIEL Ombaki MACHOGU, CBS
CABINET SECRETARY,
MINISTRY OF EDUCATION

PREFACE

The Ministry of Education (MoE) nationally implemented the Competency Based Curriculum (CBC) in 2019. Grade 7 is the first grade of Junior School in the reformed education structure.

The reviewed Grade 7 curriculum furthers implementation of the CBC from Grade 6 at the primary education level. The main feature of this level is a broad curriculum for the learner to explore talents, interests, and abilities before selection of pathways and tracks at the Senior School education level. This is very critical in the realisation of the Vision and Mission of the ongoing curriculum reforms as enshrined in the Sessional Paper No. I of 2019: *Towards Realizing Quality, Relevant and Inclusive Education and Training for Sustainable Development* in Kenya. The Sessional Paper explains the shift from a Content-focused Curriculum to a focus on **Nurturing Every Learner's potential**.

Therefore, the Grade 7 curriculum designs are intended to enhance the learners' development of the CBC core competencies, namely: Communication and Collaboration, Critical Thinking and Problem-solving, Creativity and Imagination, Citizenship, Digital Literacy, Learning to Learn, and Self-efficacy.

The curriculum designs provide suggestions for interactive and differentiated learning experiences linked to the various sub-strands and the other aspects of the CBC. They also offer several suggested learning resources and a variety of assessment techniques. It is expected that the design will guide teachers to effectively facilitate learners to attain the expected learning outcomes for Grade 7 and prepare them for a smooth transition to Grade 8. Furthermore, it is my hope that teachers will use the designs to make learning interesting, exciting, and enjoyable.

ACKNOWLEDGEMENT

The Kenya Institute of Curriculum Development (KICD) Act Number 4 of 2013 (Revised 2019) mandates the Institute to develop and review (*SNE adapt*) curricula and curriculum support materials for basic and tertiary education and training. The curriculum development process for any level of education involves thorough research, international benchmarking, and robust stakeholder engagement. Through a systematic and consultative process, the KICD conceptualised the Competency Based Curriculum (CBC) as captured in the Basic Education Curriculum Framework (BECF) 2017. The curriculum responds to the demands of the 21st Century and the aspirations captured in the Constitution of Kenya 2010, the Kenya Vision 2030, the East African Community Protocol, the International Bureau of Education Guidelines and the United Nations Sustainable Development Goals (SDGs).

KICD receives its funding from the Government of Kenya to facilitate the achievement of its stipulated mandate and implementation of the Government and Sector (Ministry of Education -MoE) plans. The Institute also receives support from development partners targeting specific programmes. The revised Grade 7 curriculum designs were developed with the support of the World Bank through the Kenya Primary Education Equity in Learning Programme (KPEELP); a project coordinated by MoE. Therefore, the Institute is very grateful to the Government of Kenya, through the MoE and the development partners for the policy, resource, and logistical support. Specifically, special thanks goes to the Cabinet Secretary-MoE and the Principal Secretary - State Department of Basic Education.

We also wish to acknowledge the KICD curriculum developers and other staff, all teachers and educators who took part as panelists; the Semi-Autonomous Government Agencies (SAGAs), and representatives of various stakeholders for their roles in the development of the Grade 7 curriculum designs. In relation to this, we acknowledge the support of the Chief Executive Officers of the Teachers Service Commission (TSC) and the Kenya National Examinations Council (KNEC) during the process of developing these designs. Finally, we are very grateful to the Chairperson of the KICD Council and other members of the Council for the very consistent guidance throughout the process.

We assure all teachers, parents and other stakeholders that this curriculum design will effectively guide the implementation of the CBC in Grade 7 and the preparation of learners for transition to Grade 8.

NATIONAL GOALS OF EDUCATION

Education in Kenya should:

1. **Foster nationalism and patriotism and promote national unity.**

Kenya's people belong to different communities, races and religions, but these differences need not divide them. They must be able to live and interact as Kenyans. Education's paramount duty is to help young people acquire this sense of nationhood by removing conflicts and promoting positive attitudes of mutual respect that enable them to live together in harmony and foster patriotism in order to make a positive contribution to the life of the nation.

2. **Promote the social, economic, technological, and industrial needs for national development.**

Education should prepare the youth of the country to play an effective and productive role in the life of the nation.

a) **Social Needs**

Education in Kenya must prepare children for changes in attitudes and relationships necessary for the smooth progress of a rapidly developing modern economy. There is bound to be a silent social revolution following in the wake of rapid modernisation. Education should assist our youth in adapting to this change.

b) **Economic Needs**

Education in Kenya should produce citizens with the skills, knowledge, expertise, and personal qualities required to support a growing economy. Kenya is building up a modern and independent economy that needs an adequate and relevant domestic workforce.

c) **Technological and Industrial Needs**

Education in Kenya should provide learners with the necessary skills and attitudes for industrial development. Kenya recognises the rapid industrial and technological changes, especially in the developed world. We can only be part of this development if our education system focuses on the knowledge, skills, and attitudes that will prepare our young people for these changing global trends.

3. **Promote individual development and self-fulfillment**

Education should provide opportunities for the fullest development of individual talents and personalities. It should help children to develop their potential interests and abilities. A vital aspect of individual development is the building of character.

4. Promote sound moral and religious values.

Education should provide for the development of knowledge, skills, and attitudes that will enhance the acquisition of sound moral values and help children grow into self-disciplined, self-reliant, and integrated citizens.

5. Promote social equity and responsibility.

Education should promote social equality and foster a sense of social responsibility within an education system that provides equal educational opportunities. It should give all children varied and challenging opportunities for collective activities and corporate social service irrespective of gender, ability, or geographical environment.

6. Promote respect for and development of Kenya's rich and varied cultures.

Education should instill in the youth of Kenya an understanding of past and present cultures and their valid place in contemporary society. Children should be able to blend the best of traditional values with the changing requirements that must follow rapid development to build a stable and modern society.

7. Promote international consciousness and foster positive attitudes towards other nations.

Kenya is part of the international community. It is part of the complicated and interdependent network of peoples and nations. Education should therefore lead the youth of the country to accept membership in this international community with all the obligations, responsibilities, rights and benefits that this membership entails.

8. Promote positive attitudes towards good health and environmental protection.

Education should inculcate in young people the value of good health for them to avoid indulging in activities that will lead to physical or mental ill health. It should foster positive attitudes towards environmental development and conservation. It should lead the youth of Kenya to appreciate the need for a healthy environment.

LEARNING OUTCOMES FOR JUNIOR SCHOOL

By end of Junior School, the learner should be able to:

1. apply literacy, numeracy and logical thinking skills for appropriate self-expression.
2. communicate effectively, verbally and non-verbally, in diverse contexts.
3. demonstrate social skills, spiritual and moral values for peaceful co-existence.
4. explore, manipulate, manage and conserve the environment effectively for learning and sustainable development.
5. practise relevant hygiene, sanitation and nutrition skills to promote health.
6. demonstrate ethical behaviour and exhibit good citizenship as a civic responsibility.
7. appreciate the country's rich and diverse cultural heritage for harmonious co-existence.
8. manage pertinent and contemporary issues in society effectively.
9. apply digital literacy skills for communication and learning.

ESSENCE STATEMENT

The Constitution of Kenya 2010 accords English the status of one of the official languages. According to the Language in Education Policy of 1976, English is the language of instruction from Grade Four onwards, including in colleges and universities. In addition, English is a language of communication at both local and international levels. Mastery of English enhances access to academic, social, and professional opportunities. English as a subject at the junior school level will expose learners to both knowledge and use of the English language and literary appreciation. It will build on the competencies acquired at the upper primary school level in listening, speaking, reading, writing, and grammar in use.

By the end of Junior School, learners will be expected to be proficient in the English language for further learning and training, and their day-to-day interactions. Learners will be provided with appropriate varied experiences in listening, speaking, reading, writing, and grammar in use to develop linguistic and communicative competence. They will also be expected to interact with print and non-print language and literary materials both in and outside the classroom for enhanced mastery of the language.

English will lay a firm foundation for the learners' efficient and effective use of the language as a communication tool and the medium of instruction at Senior School. In addition, it will be a stepping stone for further study of English, Literature in English, and other pathways.

SUBJECT GENERAL LEARNING OUTCOMES

By the end of the Junior School level, the learner should be able to:

1. listen and respond appropriately to relevant information in a variety of contexts,
2. read a wide variety of texts fluently, accurately, and interpretively for lifelong learning,
3. develop critical thinking skills for life,
4. read and analyse literary material and relate them to real-life experiences,
5. develop a lifelong interest in reading a wide range of subjects,
6. use grammatical forms to communicate appropriately in different settings,
7. write texts legibly, creatively, and cohesively to empower them for life,
8. apply digital literacy skills to enhance proficiency in English,
9. appreciate the role of English as a medium for creativity and talent development.

GUIDELINES ON THE STUDY OF CLASS READERS IN JUNIOR SCHOOL

Rationale for Class Readers in Junior School

The genre selected for study as a class reader for Grade 7 is the novella. The intended outcome is to:

- i) enhance a reading culture among learners which is extremely valuable in lifelong learning;
- ii) prepare learners for the study of Literature in English in the Social Sciences pathway in Senior School;
- iii) expose learners to simple literary aspects useful in their day-to-day interactions taking cognizance of the fact that some will not pursue Literature in English at Senior School.

Teaching of Class Readers in Junior School

The learner at Junior School level:

- i) will be guided to read a variety of class readers to expose them to the diverse concepts and skills in the design. This will form a backdrop on which aspects such as speaking, listening, reading, writing and grammar in use are brought to the fore;
- ii) is expected to adequately interact with varied readers for familiarisation with basic aspects of literary appreciation and enjoyment as well as enhance a reading culture;
- iii) should not be exposed to in-depth literary analysis.

It is important to note that only books approved by KICD and recommended for the level should be used as class readers.

Assessment of Class Readers

As envisaged in the design, formative and summative assessment of readers should not be pegged to specific class readers. This is because readers are **NOT** set texts or set books as they are commonly referred to. Assessment tasks should be general in nature targeting concepts and skills spelt out in the curriculum design. Additionally, assessment should be prepared and conducted in such a manner that it will accord all learners a level playing field irrespective of the class reader they have studied.

THEME 1.0: PERSONAL RESPONSIBILITY				
Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.1 Listening and Speaking	1.1.1 Conversational Skills: Polite Language (2 lessons)	By the end of the Sub Strand, the learner should be able to: a) identify polite expressions used in the introduction of self and others, b) use polite expressions in the introduction of self and others in different speaking contexts, c) model respectful behaviour during introductions.	The learner is guided to: <ul style="list-style-type: none"> • make a list of necessary details about people that one needs to know for effective introduction, • brainstorm different types of introduction, • list polite expressions that can be used during the introduction, • match polite expressions to corresponding types of introduction, • discuss reasons for using <i>polite language</i> in introductions, • use games such as ‘<i>catch the ball</i>’ for the introduction of others, • role-play different contexts of self-introduction with peers, • review an audio or video recording of formal and informal introductions. 	Why is it important for people to introduce themselves?

Core Competencies to be developed:

Communication: It is developed as the learner listens critically and speaks clearly and effectively during role play of self-introduction with peers.

Values:

Respect is developed as learners acknowledge diverse opinions while brainstorming different types of introduction with peers.

Pertinent and Contemporary Issues (PCIs)

- Peace education is enhanced as the learner uses games such as ‘catch the ball’ for the introduction of others.
- Effective communication is enhanced as the learner uses polite language during introductions.

Link to other Learning Areas:

The learner is able to use the concept of polite language while working with peers in various subjects such as Religious Education.

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.2 Reading	1.2.1 Extensive Reading: Independent Reading (2 lessons)	By the end of the Sub Strand, the learner should be able to: a) identify a variety of texts for independent reading, b) read selected materials for information and enjoyment, c) appreciate the value of independent reading in lifelong learning.	The learner is guided to: <ul style="list-style-type: none"> • think-pair-share on the factors to consider when selecting reading material, • select appropriate reading materials related to personal responsibility, • set and share reading goals for the session, • read selected print and non-print materials independently, • observe good reading habits, • keep a portfolio or a journal of their experiences during the reading session, • conduct peer review of the portfolios and journals kept. 	How can you ensure that you benefit from a reading session?

Core Competencies to be developed:

Critical Thinking and Problem Solving is developed as the learner searches, collects, processes, and uses information from selected texts.

Values:

- Respect is developed as learners avoid distracting others by observing good reading habits.
- Responsibility is nurtured as the learner is guided in selecting material that they consider appropriate for self and as they track personal progress.

Pertinent and Contemporary Issues (PCIs)

Effective Communication is enhanced as learner shares their experiences during the think-pair-share activity with peers.

Link to other Learning Areas:

The learner uses the concept of independent reading in many subjects such as Agriculture.

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.3 Grammar in Use	1.3.1 Word Classes: Nouns (2 lessons)	By the end of the sub-strand, the learner should be able to: <ol style="list-style-type: none"> a) identify the different types of nouns from a print or digital text, b) use different types of nouns in sentences, c) appreciate the role of correct grammar in written and spoken communication. 	The learner is guided to: <ul style="list-style-type: none"> • read a print or non-print text, • identify <i>common, proper, concrete, and abstract nouns</i>, • work with peers to search online for examples of the common, proper, concrete, and abstract nouns, and compile a list of the nouns, • listen to a poem or a story and categorise the nouns used, • mention examples of common, proper, concrete and abstract nouns in the classroom and school, • construct sentences using common, proper, concrete, and abstract nouns, • complete substitution tables with the different types of nouns, • engage in language games such as scrabble, puzzles, code words, and guessing games, • write and display stories, songs, or poems featuring the different types of nouns. 	Why is it important to identify items by name?

Core Competencies to be developed:

Learning to Learn: It is enhanced as the learner is motivated to learn continuously and work collaboratively while engaging in language games such as scrabble, puzzles, code words, and guessing games on nouns.

Values:

- Unity is fostered as the learner engages in games with peers and searches online for examples of concrete, proper and common nouns.
- Patriotism is promoted as learners identify with their locality as they talk about people, places, and institutions in their community.

Pertinent and Contemporary Issues (PCIs)

Digital Citizenship and Cyber wellness is enhanced as the learner searches online for examples of common, proper and concrete nouns.

Link to other Learning Areas:

The learner uses the concept of nouns in learning other languages such as Kiswahili.

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.4 Reading	1.4.1 Intensive Reading: Trickster Narratives (2 lessons)	By the end of the Sub Strand, the learner should be able to: a) identify the main events in trickster narratives, b) analyse the characters in narratives, c) appreciate the importance of trickster narratives in the inculcation of values.	The learner is guided to: <ul style="list-style-type: none"> • engage in pre-reading activities such as previewing the title of the narrative, using picture clues, and brainstorming, • recount the events in the <i>trickster narrative</i> and highlight the trick in the narrative, • discuss the various character traits displayed by the characters, • brainstorm on the moral lessons from the narrative, • work collaboratively to retell a trickster narrative, • relate characters and events in the trickster narrative to real-life situations, • collaborate with peers to explore and share how personal responsibility can be derived from the narrative's moral lessons. 	Why would we listen to trickster narratives?
<p>Core Competencies to be developed: Creativity and imagination: It is enhanced as the learner undertakes the task of retelling a trickster narrative.</p>				
<p>Values: Integrity is enhanced as learner relates the moral in the trickster narrative to real-life situations.</p>				
<p>Pertinent and Contemporary Issues (PCIs) Effective communication is enhanced as the learner retells trickster narratives.</p>				
<p>Link to other Learning Areas: The learner is able to relate the concept of moral lessons to other learning areas such as Social Studies.</p>				

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.5 Writing	1.5.1 Handwriting: Legibility and Neatness (2 lessons)	By the end of the Sub Strand, the learner should be able to: a) describe features of legible and neat handwriting for efficient writing, b) write texts legibly and neatly for effective communication, c) acknowledge the importance of writing neatly and legibly.	The learner is guided to: <ul style="list-style-type: none"> • listen to an audio clip on the importance of developing legible and neat handwriting, • study written samples of legible and neat handwriting featuring all letters of the alphabet and short texts, • discuss the features of legible and neat handwriting, including shaping letters, joining and spacing letters and words, • practise handwriting games such as blind writing, speed writing, and letter stations, • suggest ways of correcting bad handwriting habits such as joining letters and words inappropriately, • copy given texts on the theme of personal responsibility on charts and display for peer evaluation and correction, 	Why should we write legibly and clearly?

			<ul style="list-style-type: none"> • write short paragraphs legibly and neatly, and share with peers for peer review. 	
<p>Core Competencies to be developed: Learning to Learn: It is developed as the learner collaborates with peers to suggest ways of correcting bad handwriting habits.</p>				
<p>Values:</p> <ul style="list-style-type: none"> • Respect is achieved as learners copy given texts on the theme of personal responsibility and display on charts for peer evaluation and correction. • Social justice is enhanced as the learner fosters non-discrimination while reviewing each other's written work. 				
<p>Pertinent and Contemporary Issues (PCIs) Effective communication is developed as the learner writes short paragraphs legibly and shares with peers.</p>				
<p>Link to other Learning Areas: The learner relates the concept of legible and neat handwriting to their learning in Kiswahili.</p>				

THEME 2.0: SCIENCE AND HEALTH EDUCATION				
Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.1 Listening and Speaking	2.1.1 Oral Presentations: Oral Narratives (2 lessons)	By the end of the Sub Strand, the learner should be able to: a) outline the oral narrative performance techniques for effective delivery, b) use oral narrative techniques during the performance, c) appreciate the importance of performance techniques in the successful delivery of oral material.	The learner is guided to: <ul style="list-style-type: none"> • watch live or recorded oral performances of narratives as a class, • search online or offline for information on performance techniques, in pairs, and make presentations to peers, • discuss the oral performance techniques, • <i>perform oral narratives</i> while peers watch, record, and then give feedback, • compose oral narratives and suggest to peers the most suitable ways of performing them. 	What makes one a good storyteller?
Core Competencies to be developed: Creativity and Imagination: It is developed as learner undertakes tasks such as creating and retelling narratives, which require remembering scenarios.				
Values: Patriotism is achieved as learners compose and perform narratives on national values.				
Pertinent and Contemporary Issues (PCIs) Environmental conservation is enhanced as learner performs narratives on the need to take care of the environment.				
Link to other Learning Areas: The skill of making presentations relates to showcasing of presentations in Creative Arts and Sports.				

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.2 Reading	2.2.1 Intensive reading: Simple poems (2 lessons)	By the end of the Sub Strand, the learner should be able to: a) distinguish between poems and other literary genres, b) recite a variety of simple poems for enjoyment, c) collaborate in poetry recitation for enjoyment and learning.	The learner is guided to: <ul style="list-style-type: none"> • listen and respond to live or recorded poetry recitation, • discuss what makes reading <i>simple poems</i> interesting, • pick out poems from a variety of texts and read them out aloud, • recite poems that address science and health issues such as HIV and AIDS, • provide feedback to peers and seek help where necessary. 	How are poems different from other forms of literary genres?
<p>Core Competencies to be developed: Self-efficacy: It is enhanced as learners recite poems on HIV and AIDS with confidence.</p>				
<p>Values:</p> <ul style="list-style-type: none"> • Peace is enhanced as learners work in teams during the poetry recitation. • Social justice is developed as learners recite poems that promote fairness in society. 				
<p>Pertinent and Contemporary Issues (PCIs) Health education is promoted as learners recite poems that address health issues such as HIV and AIDS.</p>				
<p>Link to other Learning Areas: The learner relates the skills of recitation to performance techniques in other learning areas such as Creative Arts and Sports.</p>				

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.3 Grammar in Use	2.3.1 Word Classes: Nouns (2 lessons)	By the end of the Sub Strand, the learner should be able to: a) identify count, non-count, singular, and plural nouns from a variety of texts, b) use count, non-count, singular, and plural nouns in sentences, c) appreciate the importance of the correct use of nouns in communication.	The learner is guided to: <ul style="list-style-type: none"> • search for examples of <i>count, non-count, singular, and plural nouns</i> from the internet, write them and post them on the class reading wall, • listen to an audio text on the theme of science and health education, and pick out the target nouns, • pick out count, non-count, singular, and plural nouns from newspapers and magazine articles, • identify objects in the classroom and categorise them as count or non-count nouns, • change singular nouns to plural and vice versa, • construct sentences using the specified types of nouns orally and in writing, • work with peers to complete crossword puzzles with the target nouns, • work with peers to create posters using the learnt nouns, and post them on the class reading wall or share using digital learning platforms. 	How can you group things that cannot be counted?

Core Competencies to be developed:

Collaboration: It is achieved as the learner creates posters and poems, and shares them on the classroom wall or through digital learning platforms. This enhances teamwork among the learners.

Values:

- Unity is enhanced as learners work together to identify the different types of nouns in the classroom.
- Respect is achieved as learners take turns to work with peers to create posters using the learnt nouns.

Pertinent and Contemporary Issues (PCIs)

- Effective communication is achieved as the learner uses nouns in varied contexts correctly.
- Health Education is promoted as the learner listens to an audio text on health issues.

Link to other Learning Areas:

The learner relates the concept of count and non-count nouns to their learning of nouns in Kiswahili.

2.4 Reading	2.4.1 Intensive Reading: Class Reader (2 lessons)	By the end of the Sub Strand, the learner should be able to: <ol style="list-style-type: none"> a) explain the different parts that aid in previewing a book, b) describe the author and the setting of the text in terms of time and place, c) underscore the value of reading for lifelong learning. 	The learner is guided to: <ul style="list-style-type: none"> • study the cover page of a class reader, read the blurb and highlight the outstanding features, • discuss the title of the class reader, • research online for more information about the author and the setting of the story, • make oral presentations to the class on their findings from the research, • identify words, images, and details that describe the setting in terms of place and time, • design a graphic organiser such as a mind map or tree map to identify the setting, share and give feedback using summary charts such as what I know - where I learned it - what I want to know - what I learned (K-W-W-L) chart to visualise what has been learned, • make short notes on the setting and the author. 	Why should we not judge a book by its cover?

Core Competencies to be developed:

- Learning to Learn: It is enhanced as learners build on their learning experiences through analysis of the setting and research on the author.
- Critical thinking is developed as learners explore the links between different events through tasks like creating graphic organisers that cultivate high-order thinking skills.
- Problem-solving is achieved as learner conducts research online to obtain more information about the author and the setting of the story.

Values:

Unity is enhanced as the learner develops skills for working in harmony with others while participating.

Pertinent and Contemporary Issues (PCIs)

Creative thinking is developed as the learner creates charts to summarise what they have learned.

Link to other Learning Areas:

The learner relates the skill of intensive reading to their reading of class readers in Kiswahili.

APPENDIX I: GUIDELINES FOR INTEGRATING COMMUNITY SERVICE-LEARNING (CSL) PROJECT

Introduction

Community Service Learning (CSL) is an experiential learning strategy that integrates classroom learning and community service to enable learners reflect, experience and learn from the community. The CSL activity is hosted as a strand in Social Studies. The Social Studies teacher will be expected to coordinate teachers from other learning areas to carry out the integrated CSL class activity. Learners will be expected to apply knowledge, skills, attitudes and values from the different Learning Areas to undertake the integrated CSL class activity. Learners will undertake **one common** integrated class CSL activity following a 6-step milestone approach that is:

Milestone	Description
Milestone 1	Problem Identification Learners study their community to understand the challenges faced and their effects on community members.
Milestone 2	Designing a solution Learners create an intervention to address the challenge identified.
Milestone 3	Planning for the Project Learners share roles, create a list of activities to be undertaken, mobilise resources needed to create their intervention and set timelines for execution.
Milestone 4	Implementation The learners execute the project and keep evidence of work done.

Milestone 5	<p>Showcasing /Exhibition and Report Writing Exhibitions involve showcasing learners’ project items to the community and reflecting on the feedback Learners write a report detailing their project activities and learning from feedback.</p>
Milestone 6	<p>Reflection Learners review all project work to learn from the challenges faced. They link project work with academic concepts, noting how the concepts enabled them to do their project as well as how the project helped to deepen learning of the academic concepts.</p>

Assessment of CSL integrated Activity

Assessment for the integrated CSL activity will be conducted formatively. The assessment will consider both the process and end product. This entails assessing each of the milestone stages of the integrated CSL class activity. It will focus on 3 components namely: skills from various learning areas applied in carrying out the activity, core competencies developed and values nurtured.
